Red Cross Names Earl Flegel on Advisory Comm.

COMMUNITY CHEST GOAL FOR ALBANY SET AT \$8,800 THIS YEAR

A large group of "Colonels" and "Captains" on the staff of "General" William G. Woolworth, in charge of the Albany Division of the Community Chest, met at their chief's home, 1269 Portland Avenue, Monday night to discuss residential and business district solicitation and general methods of raising the community's allotted sum.

The goal set at \$8800 is \$800 more than that of last year. This additional quota is due to increased costs in living and to the fact that the USO has been reactivated as one of the 22 agencies of the Community Chest. Last year the Albany Division went over its quota 103 per cent. "The enthusiasm of the workers indicates that Albany will again go over the top," Woolworth said.

Addressing the workers Woolworth stated, "this is not just another campaign, but actually 22 drives in one. It takes the place of 12 campaigns for youth services, 3 for health services, 8 for family and child welfare services and the U.S.O."

The drive this year will be spearheaded by Woolworth and the following staff:

Business District—"Colonel" Hasold Denham; "Captains" Robert Pelegri, Jack O'Keefe, Al Galigher, Milton Gordon, Cliff Lockhart. East Residential Area—"Colonel" Mrs. Arthur Weinberg; "Captains" Mrs. Paul Nathan, Mrs. Rayfield Morawit, Mrs. Roscoe Ferguson, Mrs. Wm. Schink, Mrs. C. Pinkham, Mrs. Sidney McGaw.

West Residential Area—"Colonel" Mrs. Delsa Walton; "Captains" Mrs. Harry Weaver, Mrs. Freda Brown, Mrs. Winifred Deming, Mrs. Leonard Evers, Mrs. F. Henry, Mrs. J. Grisham, Mrs. Robert Woolworth, Mrs. Edwin Pen-leton.

Councilman Larry Williams will head the City Employees Division, while Robert Dennis, assistant superintendent of schools, will head the School Division. The solicitation of organizations in Albany will be under the direction of "Colonel" Walter Kees, while the Western Regional Lab. will be headed by William Rabak.

Also present at the Albany Chest gathering were Robert R. Porter, Chest Executive Director, Mrs. Loma B. Gott, Mrs. Marjorie Taylor, and Elmer Coble, Secretary of the Albany Y.M.C.A.

"Albany has consistently raised its allocated quota for this important youth welfare organization made up of 21 agencies and the USO," said Woolworth, "we are confident that the citizens of Albany will again achieve their goal in this important undertaking."

The drive opens Monday, Oct. 4, and will extend for two weeks to Oct. 15. Monday night will be known as "Light-Up" night and residents are asked to turn on their porch lights to welcome their workers. All workers will solicit in their areas on Monday night and a large percentage of the quota is expected to be raised in this initial effort.

On a card, postmarked Berkeley, huckstering an affair to be held in Albany, the words "a suburb of Berkeley" were discreetly but not completely scratched through.

**New gas-packed
pipe carries huge voltages
under city streets**

On busy San Francisco streets motorists soon will be driving over 110,000 volts. They won't know it, of course. For the tremendous voltage will be safely transmitted in a new underground power-carrying cable, with a new insulating feature...nitrogen gas held at 200 pounds pressure within a heavy steel pipe jacket. Pacific Gas and Electric Company crews are rushing construction of the first eighteen miles of this new underground cable in San Francisco. It is just part of our program to bring you an ever-improving electrical service.

More power than ever before can be carried underground in this cable. An outer coating of a mineral compound protects the pipe against moisture. The actual insulating job is done by oil-filled paper cable wrappings reinforced by the nitrogen gas under pressure.

"Filling stations" load the nitrogen in the protective pipe... and the cable is ready to transmit electricity underground safely. It's another example of how P. G. and E. uses the most modern means to deliver more power to the homes, farms and factories of California.

FOR THE RECORD

If damaged, the cable loses gas pressure to send its own SOS...

P. G. and E. is adding almost two million new horsepower of electric capacity...

It's the nation's greatest power construction program.

the program and give us highlights of their vacation trips, it gave us a variety of interesting and educational subjects.

Janet O'Keefe at the piano and Claire McGaw, song leader, prefaced Martha Hollfelder's talk by singing the good old Indian song, "Redwing." The Hollfelders took a month and covered 4,500 miles. Their first stop was Great Falls, Montana, Martha's home town and the home of the Black Forest Indians. Martha is a true out-door girl and gave a very vivid word picture of the various places they saw, the difficulties they encountered in getting accommodations and the "good old fishing holes." Quite naturally, Martha proudly told about the number of fish she caught. Our members who like the great outdoors were full of questions as well as envy.

Our two musicians then galloped to the piano and gave forth with "Hinky Dink Parlez Vous" (the refined version, if you please). This preceded June McMahon's story of her trip to France. June brought back many souvenirs which she passed around for inspection. They included everything from costume jewelry to clothing. June looked like a million dollars (before the income tax was taken out) in a gorgeous ensemble and chapeau. (Dress and hat to you). There are a great many things about France that June likes. It was a real pleasure to hear her describing the places and customs.

Nothing like it since Armentieres. That's what they are saying about the VFW Smoker Friday night, Sept. 24 in the Veterans Memorial Building, Ramona and Portland.

PT&T Installs Millionth 'Phone in Calif. Since V-J

In an expansion unparalleled in its entire history, the Pacific Telephone and Telegraph Company has added 1,000,000 telephones since V-J Day, it was announced by M. R. Sullivan, the company's president, during the course of his welcome address to the Telephone Pioneers of America at their General Assembly in San Francisco on Sept. 14.

While Mr. Sullivan was talking, a telephone on the speaker table rang and he was greeted by the installer of the millionth telephone at the residence of Mr. and Mrs. James C. Stone, in Sacramento. The ensuing conversation, during which Mr. Sullivan spoke with Mrs. Stone, was amplified for the benefit of the audience in San Francisco. Mr. Stone, a veteran, works for the State Department of Education in Sacramento. The Stone family includes two small daughters.

According to Geo. A. Gitchell, division manager of the company, the present rate of telephone growth is three times as fast as before and during the war, when it took the company nine years to add the preceding million telephones. In the past three years, the number of telephones in service has been brought to a present record of 3,631,917.

Graphically indicative of the West Coast population moved around since the war, the company has installed more than 3,000,000 telephones, and taken over 2,000,000, in achieving a total of a million.

Wyoming Picnic

Former residents of the West Coast will meet at the Albany Park Sunday, Sept. 26, for a annual picnic. Those interested in other information may call Mrs. Kiddy, KEllog 2-7969 or Mrs. A. Niemi, LAnd. 6-1901.
